

ROLLI SCRAPING EXTENSION TUTORIAL

HOW TO INSTALL

Below is a guide on how to install Rolli's scraping extension.

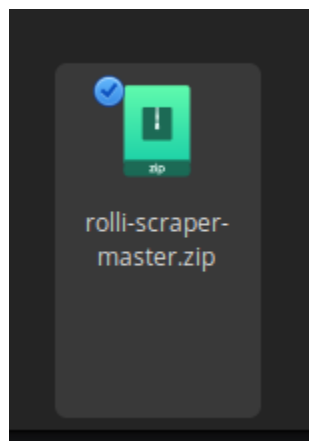

DOWNLOAD

Link to download the extension:

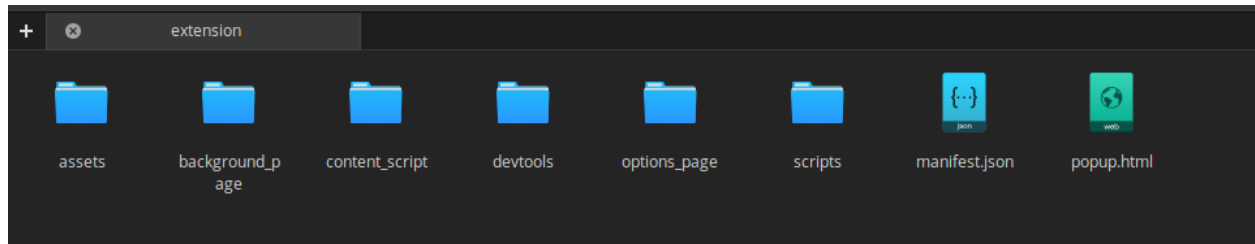

<https://github.com/codelittinc/rolli-scraper/archive/refs/heads/master.zip>

EXTRACT FILES

Unzip the **rolli-scraper-master.zip** file

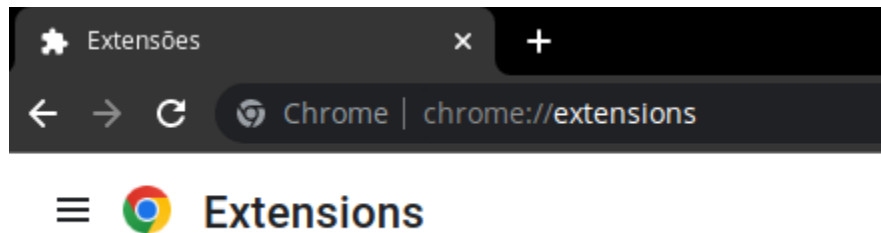

Check the files inside the folder called **extension**

INSTALLING ON CHROME

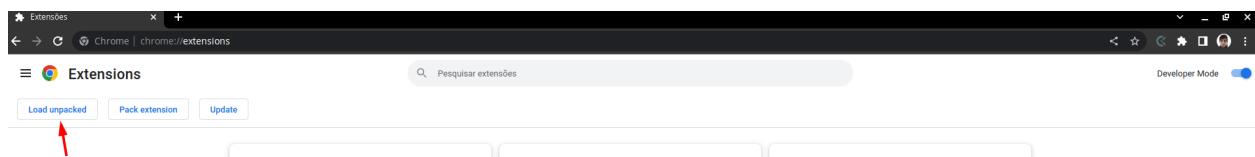

Open the chrome browser and type in the search address **chrome://extensions**

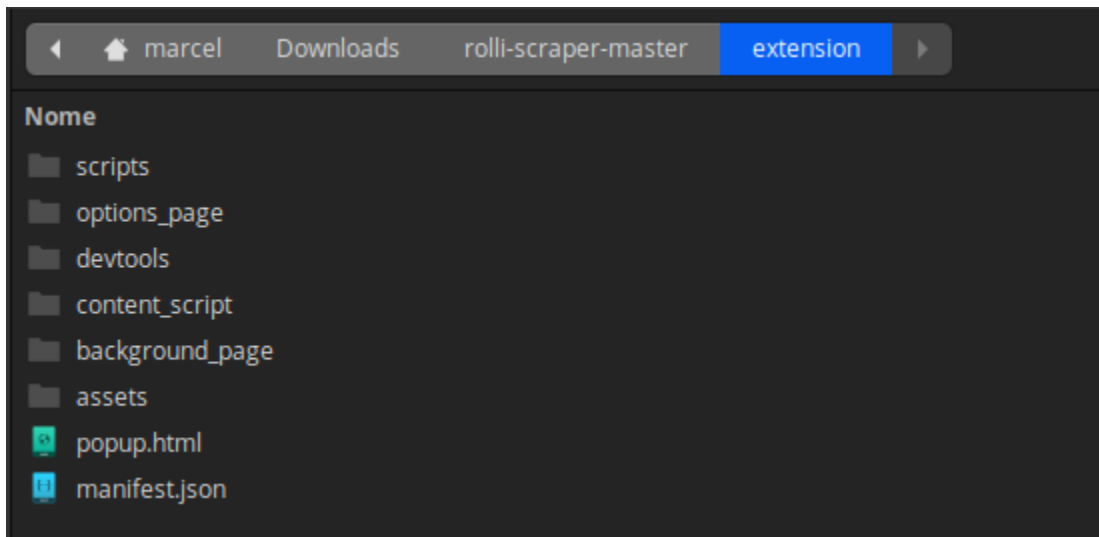

Enable developer mode:

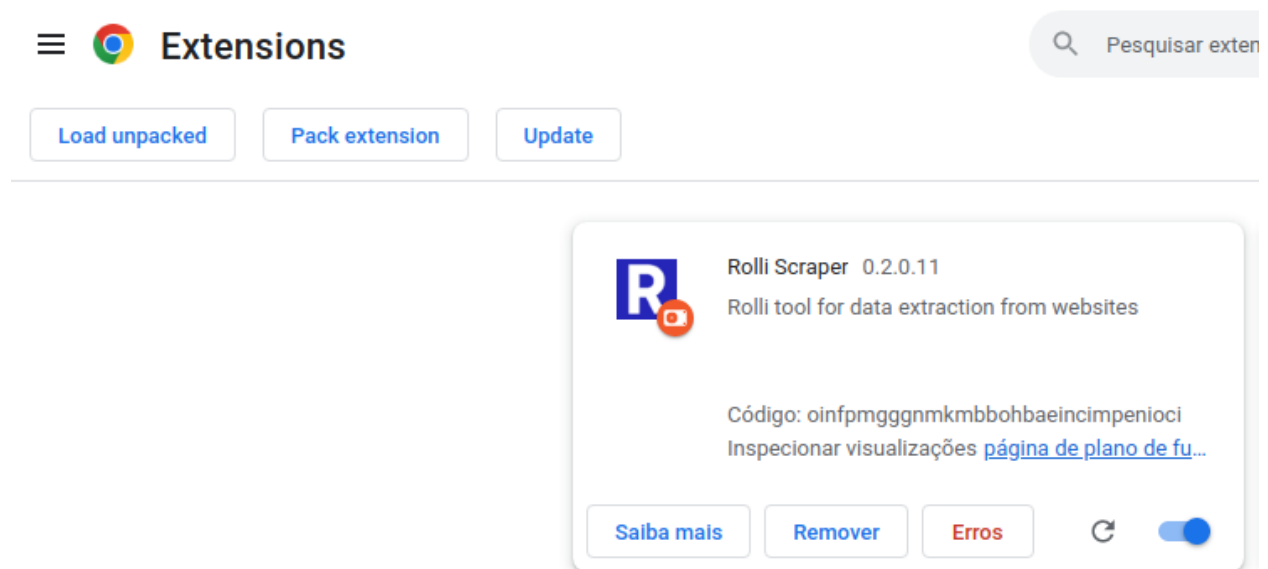

Click the “Load unpacked” button and select the extension folder inside the unpacked rolli-scraper-master file.

The Rolli Scraper extension will appear, leave it enabled

TESTING

To test the Rolli Scraper, just access the Rolli admin panel in the “Experts Scrapping” menu and start scraping.

The screenshot shows the Rolli admin panel with the 'EXPERTS SCRAPING' menu selected. The page title is 'LOCAL: Experts Scrapping'. A note states: 'Note: To execute scraping it is necessary to install the chrome extension Rolli Scraper. Unzip and drag the rolli-scraper.crx file from the chrome://extensions/ extensions page to install.' Below the note is a table with two entries. The first entry is 'Harvard Faculty Experts' with URL 'https://www.gse.harvard.edu/faculty-directory/faculty-experts' and last download date '11/30/2022 03:11'. The second entry is 'Marshall School of Business' with URL 'https://www.marshall.usc.edu/faculty-research/faculty-directory' and last download date '12/06/2022 16:12'. A red arrow points to the 'Start Scraping' button for the Marshall School of Business entry. The page also includes a search bar, a 'Previous' button, and a 'Next' button.
